BAY ST. LOUIS, MISS., FRIDAY, MAY 5, 1933.

FORTY-SECOND YEAR, No. 18

### CHILDREN DESERVE ATTENTION

Average Child Deficient in Studies Is Not Always to Blame For Success.

We wonder if the parents of communities whose children do not make the proper progress in school have ever taken the time to find out why this is the case. They will usually find that these children are not interested in their studies, refuse to devote any time to study and are generally classed as dull and unruly.

We also wonder if their teachers have ever taken the necessary time to discover whether these children are really stupid and unruly or whether they are suffering from some physical defects which might be remedied.

We realize that there are children who, unfortunately, are not blessed with the capacity to absorb information. However, this is not the case in most instances.

There are those who are confident that most children who do not make the proper progress in school have some minor physical defects, which, if corrected, would enable that child to take advantage of its educational opportunities.

The most common of these defects in the opinion of many, is poor eyesight. Children who suffer from such an impediment often grow nervous, become unable to concentrate and soon develop some other complications which may prove harmful in later years.

Simple tests of all pupils should be very easily and quickly made by any teacher, to ascertain if any pupil is suffering from defective vision. They could be tested to see how far they are able to see across the school room under varying circumstances and in different lights.

If nothing else can be done for those with poor eyesight, they certainly can be moved to such positions in the schoolroom where they will be able to see the blackboard with as little eye strain as possible.

Many children have been punished at home for poor records made at school when they were really not responsible. This punishment seldom served its purpose and often served to aggravate the trouble and make the average child resentful.

Of course, there are other deficiencies which cause the same attitudes on the part of pupils. These may be slight deafness, diseased tonsils and adenoids, etc., which should be remedied as quickly as possible after discovery.

But, according to those who know, the majority of the children whose progress is unsatisfactory are suffering from some defect of the eyes.

It seems only fair to such children that simple tests be made and that they be given the benefit of some special attention. Numbers of pupils thus treated have responded in amazing fashion and have often become leaders in their classes. Isn't that worthwhile?

### LOCAL SCHOOL PAPER WINS FIRST PLACE; AWARDED LOVING CUP

"The Student Prints," Bay-Hi Publication, Is Designated Best in State.

The Student Prints, Bay High School paper, was awarded the state loving cup last week at the annual meeting of the Mississippi High School Press Association in Jackson, Mississippi. The Student Prints tied with the Kaledoscope of Frier's Point as the best mimeographed paper in the State of Mississippi. The Student Prints was highly complimented on its excellent make-up by Mr. Ray Albert Furr, executive secretary of Press Association. In addition to winning first place in its own class, The Student Prints, competing with all state high school papers, placed fourth for best head lines. The staff of The Student Prints for the year is as follows:

Editor-in-Chief, Lois Ansley; Literary Editor, Bernice Jacobs; News Editor, Georgia Givens; Sports Editor, Earl Raymond; Feature Editor, Marion Ingram; and Catherine Woodcock; Reporters, Curtis Ladner, Duane D. Porter, Caroline Ballard, Florence Keen, Ed. Marquez, Odessa Hass, Eleanor Jacobs.

Business Manager, Virginia Barker; Assistant, Minnie Otis.

The loving cup is now on display at the Beach Drug Store.

### WAVELAND ELECTS NEW MAYOR

W. A. Mapp Chosen at Poll To Succeed Late Mayor E. G. Schwartz—Majority 5.

After a spirited but most decorous campaign Waveland's special municipal election on Saturday came to a close that evening when W. A. Mapp was elected mayor to succeed the late Hon. E. G. Schwartz.

Mapp received 70 votes while his competitor Thomas J. Bourgeois, reg-

W. A. MAPP

istered 65 votes, giving the victor a majority of five.

Mayor-elect Mapp assumed his new post Tuesday evening of this week when the Board of Mayor and aldermen assembled in regular monthly session. Since the death of Mayor Schwartz, Alderman John Eckerle has served with ability and distinction.

Mr. Mapp was a former resident of New Orleans but has resided in Waveland the past several years and taken active and material interest in the civic and general affairs of his town. A citizen of the constructive type, he has proven outstanding and his election and services will redound to Waveland's best interests.

Thos. J. Bourgeois, who lost by a comparative small margin, served in the capacity of mayor in former times and for years was the resident representative for the L. & N. at Waveland, serving in various positions of trust.

Mr. Mapp has not as yet given out his plans and policies but it is well to expect an administration of constructive character and in every way will prove a worthy successor of his predecessor. A friend of the schools, public improvements he will prove a proponent for the economic welfare of both city and citizens.

### BEER VS. BANK.

(Morning Tribune)  
DEMAND for beer has evidently become irresistible in Mississippi when so redoubtable a teetotaler as Governor Conner announces that "if a majority of the people want it I have no objection even though I have been pictured as a puritanical dry." He wishes to delay the beer-session which thousands are demanding until Congress finishes its financial legislation, so the extra assembly can frame some state banking laws at the same time. That is reasonable enough.

"I believe," says Governor Conner, "that the people are more interested right now in banking legislation than they are in beer legislation." He is wrong about that. Perhaps they ought to be. But their agitations and petitions show that they are not. While he is at it he should have the extra session provide for a referendum on prohibition repeal.

### THE OLD RAG DOLL.

We played in the shade of the old elm tree, Just Mary and Dolly and I. And we tried to catch the rays of the sun, From the bright glowing tints of the sky.

Dolly was only an old rag doll, Faded and soiled and worn. And her dress, which was once so pretty, Is now old and ragged and torn.

But, oh, how we loved that old Dolly. And I think that she understood. Now the thought of her makes me happy. For it brings memories of bright child hood.

—E. G.

### GULF PARK STUDENTS PRESENT CREDITABLE ANNUAL PROGRAM

Of Various Numbers Including Song and Dance That Charm Large Attendance

A large and representative audience greeted members of the Gulf Park College Pirouette and Glee Clubs at Bay High School auditorium Friday night, presented under auspices of Bay St. Louis Rotary Club and Central School Parent-Teachers' Association.

Program was under personal direction of Miss Alice McNutt and Miss Mary Minge Graham, instructors respectively of the dance and music classes, who were in direct charge of the numbers.

Especially artistic and attractive were the dances, well-nigh professional and the choruses were of difficult range but excellently presented. Other things numbers were of equal success. There was originality and variety and more fulsome and delightful program could hardly have been evolved.

People of Bay St. Louis and vicinity look forward each year to the program by Gulf Park college students and a debt of thanks is due President Richard G. Cox and faculty who make this possible.

Amount realized as a result amounts to approximately \$65.00.

At a regular supper-meeting of Rotary Club Wednesday night a resolution was adopted thanking President Cox and faculty for their contribution by donating this program and its presentation and Central School P. T. A., by a letter from its president, Mrs. Regina Logan, expressed equal thanks and appreciation.

Following the performance Monday night a light supper was served to the cast and others in the home economics of Bay High, Miss Tarver in charge.

### GOVERNOR CONNER OF MISSISSIPPI TO START TOUR OF STATE SOON

Will Render "Report to Stockholders—To Be Underway in Immediate Future, He Says.

Governor Sennett Conner's "report to Mississippi stockholders," to be made in a statewide speaking tour extending throughout the summer, will get under way within the next two weeks, he said Saturday.

Declaring he has assembled practically all data necessary to give Mississippians a "full account" of the financial condition of the state and their individual counties, the chief executive said he would announce his itinerary within the next few days.

The governor said he intends to speak in every courthouse in the state, making six speeches a week until all counties have been visited.

### Baptist Young People's Union.

(Contributed)

The month is over and the race is through. The score leaves us in a puzzled condition for it is a tie—124-124. It will be left up to the group captains and social committee as to what shall be done about the social.

Members of the B. Y. P. U. motorized over to Long Beach last Sunday to attend the B. Y. P. U. convention. We were well represented by the president and his fellow workers.

Mr. Tommy Lawson, quiz leader, has returned home with several good ideas for building up our union.

### LOYALTY

(Author Unknown.)

LOYALTY is that quality which prompts a person to be true to the things he undertakes. It means definite direction, fixity of purpose, steadfastness. Loyalty supplies power, poise, purpose, ballast, and works for health and success. Nature helps the loyal man. If you are careless, slipshod, indifferent, nature assumes that you wish to be a nobody and grants your desire. Success hinges on loyalty. Be true to your art, your business, your employer, your house. Loyalty is for the one who is loyal. It is a quality woven through the very fabric of one's being, and never a thing apart. Loyalty makes the thing to which you are loyal yours. Disloyalty removes it from you. Whether anyone knows of our disloyalty is really of little moment. A real one way or the other. The real point is, how does it affect our lives? Work is for the worker. Love is for the lover. Art is for the artist. The mental is a man who is disloyal to his work. All useful service is raised to the plane of art when love for the task—loyalty—is fused with the effort.

### LADIES OF VETERANS OBSERVE

Auxiliary of Spanish-American War Veterans Celebrate Muster Day at Waveland

The Ladies Auxiliary of the Spanish War Veterans of Bay St. Louis held a special meeting at the home of Mrs. Rose M. Burdahl, Waveland, May 1st, to observe their annual ceremonial days—Muster Day, Declaration of War With Spain and Manila Day.

The meeting was opened with their usual beautiful floor work, short addresses were made by each officer and members of the auxiliary on Spanish War History; George Dunning, Scout Girl, gave a brief talk on Admiral Dewey's great victory of Manila Bay, and his sailing from Mrs. Bay China, was given by the Mascot of the Auxiliary, Merian Peairs.

The commander gave a brief history of the Famous Admiral George Dewey, several comrades of the Camp were present, the evening closed and was much enjoyed by all present.

### WORK AND PLAY AT S. J. A.

SUNDAY, MAY 14, DATE OF S. J. A.'S ANNUAL FESTIVAL.

Crowning of Queen at 8:00 P. M.—Fair Begins at 5:00 P. M.

THE coming May Festival is the big topic of conversation at S. J. A. The "vote books" have been distributed and each class is busy maneuvering so that one of her division may win the honor.

The girl who sells the greatest number of votes will be chosen the Queen, each girl who places two books of votes may act as maid in the court. Of course the Queen has the privilege of choosing her King and each maid her duke and therein lies the thrill of the May Festival which is creating so much interest these days at S. J. A.

Every grade of the school will be represented in the Festival forming a court of welcome for the Queen. The queen and her court will be entertained by a special program consisting of sketches, songs and dance numbers.

The Fair which is to form at 5:00 P. M. There will be a "Goose" and a "Sandwich" booth, ice cream, cake, pop and candy will also be sold.

We earnestly urge your presence at S. J. A. on Monday, May 14, to witness the crowning of the May Queen.

### SODALITY NEWS.

Annual Crowning of Gulf Coast Union to take place at Long Beach. S. J. A. Girl to Crown Blessed Virgin.

The Children of Mary held their regular weekly meeting last Thursday. At this meeting the theme contest, sponsored by the Propagation of the Faith was discussed. The topic assigned to the Hi school, that assigned to the Grammar Grades and the prizes to be awarded the winning school and students were read.

The annual May Crowning of the Gulf Coast Union of Sodality is this year to be held in Long Beach. A girl from one of the Sodality is selected as Queen and each Sodality is entitled to two maids. A representative of St. Joseph's Academy will have the honor of crowning the Blessed Virgin Mary. This representative will be chosen by vote at the current week's meeting.

Suggestions for the month of May were made. It was decided that each day two different girls from the 1st and 2nd rooms be given charge of the altars of the Blessed Virgin in these rooms. All were urged to attend daily Mass, receive frequent Holy Communion, to recite the Rosary and to be present at May Devotions. Our Lady's Committee was reminded that this is the time when it should be most active.

At three o'clock the meeting adjourned with a closing prayer.

### INTER CLASS TOURNAMENT.

Postponed from Friday May 5th to Monday, May 8th.

The inter-class tournament which was to take place in the S. J. A. gym, May 5th at 7:30 P. M., has been postponed until Monday night at the same time. The date was changed owing to the fact that on the night of Friday, May 5th, the Seniors of Bay High will present their class play. We are very sorry that in setting our date we overlooked that something was already scheduled for this night. However, do not forget that on Monday night, the games will be just as interesting as they would have been on Friday.

We ask all to come and assure all

### 21,000 MISSISSIPPI MEN LOSE PENSION TO BE LOPPED OFF ROLLS

590 Former Service Men At Veterans' Hospital at Gulfport to Be Ousted.

A total of approximately 21,000 Mississippians now drawing compensation from the United States government for disabilities, either service-connected or incurred since their war services, will be lopped off of the rolls on July 1, R. D. Morrow, state adjutant of the American Legion, announced at Jackson Monday night, according to a press special to the Times-Picayune.

More than one-half of the 590 former service men now patients in the Veterans' Administration hospital at Gulfport will be ousted from that institution at the same time, although many of them must be transferred to other hospitals and in the case of many of these patients, to state hospitals for the insane, now already badly overcrowded, Morrow also declared.

### Compensation edged.

There are now 5545 World War veterans in Mississippi drawing \$2,775,227 annually for service-connected disabilities. This number is being reduced to around 2000 and compensation to be allowed those retained on the rolls is being cut from 20 to 60 per cent under present compensation.

The rolls of those veterans drawing compensation for disabilities incurred since the war numbers 18,235, who have been receiving \$3,075,824 annually under the congressional act of 1930. All but 587 of this class have been stricken from the rolls and about one-half of the handful remaining are to come off, declares Morrow.

### 6000 Unable to Work

"About 6000 of the veterans affected are absolutely unable to work, even if jobs were available, and will become charges upon their own people or on the local public after July 1," said Morrow.

"A large number of those to be kept on the rolls, who for years have been rated as permanently and totally disabled, will, under the new regulations, be rated at \$20 monthly allowances.

"In the case of tuberculosis, a man must have an advanced stage of the disease in order to be 100 per cent disabled to receive the \$20 monthly allowance. Battlefield casualties are scheduled for reductions ranging as high as 64 per cent."

### VARIETY

"Variety is the Spice of Life," don't fail to get your share of variety and spice Tuesday night, May 16th at Convent Gym. Admission only 25c. Watch for further ads. Benefit Episcopal Guild.—Advertisement.

who will be present a most tense exciting evening.

### S. J. A. CONGRATULATES ST. STANISLAUS FOR PRESENTATION OF "DULCY"

The double presentation of "Dulcy" given in the auditorium of S. J. A. by the St. Stanislaus boys and three of the Academy girls proved most enjoyable to those who witnessed it.

A pouring rain during both the afternoon and evening performances prevented many from attending. Notwithstanding this fact a goodly crowd witnessed the night performance and were well repaid for their efforts in the laughable situations which "Dulcy" provided. S. J. A. wishes to congratulate the cast for their splendid impersonations.

### HONORS FOR APRIL

Seniors—First honors, Evelyn Nix, Frances Scaife—second honors, Joyce Wolf.

Juniors—First honors, Alice Camors—second honors, Lois Wolf.

Sophomores—First honors, Louise Strong; Second honors, Almie Haus-

er.

Freshmen—First honors, Nolarita Moree; Second honors, Nina Benedetto.

Eighth Grade—First honors, Majorie Scuzeneau; Second honors, Margaret Jane Williams.

Seventh Grade—First honors, Mary Benvenuti; Second honors, Ann Benvenuti.

Sixth Grade—First honors, Marie Hays; Second honors, Elaine Chauvin.

Fifth Grade—First honors, Joyce Becker; Second honors, Dorothy Hammer.

Fourth Grade—First honors, Ida Tudury; Second honors, Helen Arnold.

Third Grade (girls)—First Honors, Edwidge Stockton; Second Honors, Anna Mae Tomasich.

Third Grade (boys)—First honors, John Plouffe.

Second Grade—First honors, Iris Lang; Peter Benvenuti; Second honors, Catherine Lafontaine.

First Grade, First honors, Catherine Ellen Kehoe, Frank Quintini; Second honors, Lucille Lafontaine, Yvabelle Prague, Raye Vairin.

### WOMAN LEADER VISITS

State Head of Woman's Organization For National Prohibition Reform Here

The Woman's Organization For National Prohibition Reform is daily making progress in the coast section of Mississippi. Under the direction of Mrs. Brook O'Leary, state membership chairman, women of Harrison, Hancock, and Jackson counties are being enrolled in this organization.

MISS LOUISE MALLARD

tion, and concerted effort is at work to bring about a direct vote on the Prohibition question. Miss Louise Mallard of Biloxi has been appointed chairman of Harrison county; Miss Katherine Denny of Pascagoula, Chairman of Jackson; and Mrs. Stella Gex of Bay St. Louis, Chairman of Hancock.

Last week, in Biloxi, 500 members were enrolled, which is an indication of the wide interest being manifested in this movement. Workers in all of the counties report an encouraging number of signed cards. They say that the coast women are anxious to assist in bringing about Prohibition repeal and astute control of liquor traffic.

The return of legalized beer is of vital concern to the business interests of this section. The Women's Organization for National Prohibition Reform leaders, who are working for this end feel confident that a statewide referendum question will return a substantial majority favoring repeal.

Mrs. O'Leary says that, while the Women's Organization for National Prohibition Reform is considered by the dries to be a wet organization, that it is the purpose of its members to do away with the present deplorable conditions of drunkenness and bootlegging brought on by the 18th amendment. They believe that this can be accomplished by three steps: Repeal; State control of whiskey; and a program of education.

### Pass Christian To Be Scene of Garden Club Convention '34

With selection of Pass Christian as the place of meeting in 1934, the sessions of the Mississippi Federation of Garden Clubs was brought to an end Saturday.

Wilbur C. Simonton of Washington, landscape architect with the bureau of public roads, spoke on roadside improvements. During remainder of the day there was a luncheon, visits to historic places, flower gardens and waterway experiment station.

Pass Christian is especially suited for the convention and it is pleasing to note the garden lovers' organization is not only loving to this veritable garden spot but to the Mississippi Gulf Coast as well.

### HANCOCK COUNTY QUOTA IN CIVILIAN CONSERVATION CORPS RETAINED UNTIL FURTHER NOTICE.

This is to notify all boys who have received notice to report to Gulfport Friday Morning, May 5th, that they are not to report until further authorized from the Welfare Office.

MRS. R. BOWEN.

### Calendar of Coming Events

Friday, May 5.—"In the Good Old Summer Time"—Senior play by the Senior Class of Bay High school.

Tuesday, May 9.—Card party at "The Answer," benefit King's Daughters Hospital. Tally, 25 cents. Public invited.

Tuesday, May 16.—"Variety Spice of Life," at Convent Gym, by Episcopal Guild, admission 25 cents.

### SENIORS OF BAY HI TO GIVE PLAY

Annual Event of City School For This Friday Evening—Hilarious Stage Farce.

"In The Good Old Summer Time," which will be presented Friday evening at 8 o'clock, promises to be one of the best Senior Class plays ever produced at Bay Hi. The cast is made up of twenty-three wide-awake seniors who fit into this hilarious farce with all the smoothness and assurance of professionals. Leslie Fourton, as the peevish Major Up-down, arrives from India in time to "split your blooming sides with laughter" as he plays up to Mrs. Rice the landlady, who is Catherine Woodcock. Mr. Fourton displays unusual ability in characterization, as do Herman Holloman and Marion Ingram in the roles of Uncle Enoch and Aunt Maria, who patch up their romance after forty years. One has only to see Miss Ingram in a bathing suit of the gay nineties to pronounce the show a success.

The traveling salesmen and college boys, accompanied by the radio crooner, produce a storm of laughter if they don't add to the aristocratic atmosphere of the Seebreeze hotel. The newlyweds form a sharp contrast with the henpeck Mr. Hardy, while the Irish handy man, Earl Raymond, decides to start up a Little League of Nations with the Swede cook, Odessa Hass.

Grandison Bienvenu, as the irresistible hotel clerk, meets his fate in the charming Vivian, Lois Ansley.

Finally, there are Virginia Baxter, as the lovable Rose, and Ed Marquez, the bashful hero, who will win the audience with their excellent portrayal of modern American youth on a vacation.

See "In the Good Old Summer Time," and be glad that you, too, live in a summer resort. Tickets may be secured from Bay High students.

### TO RECOMMEND NEW PLAN FOR BANKS IS PROMISE OF STEAGALL

Also Recommend Deposit Guarantees For Banks of Federal Reserve System

Chairman Seagall of the house banking committee Saturday told newspapermen that he would introduce next week a bill along the line proposed by Senator Glass (D-Va.) for banking reform and deposit guarantees for members of the federal reserve bank system.

He and Senator Glass have "agreed in principle" and Steagall understood that President Roosevelt also had agreed "in principle."

"We are going to get right to work on it," Steagall said. "Details, of course, will have to be worked out. Senator Glass has prepared the bill and my measure will be along the same lines, although slightly different."

### FINAL MEETING OF CENTRAL SCHOOL P. T. A. TO BE HELD

Report of Year's Activities To Be Presented—New Administration to Enter.

The Central School P. T. A. will hold its final meeting of the year on Tuesday, May 9, at 3 P. M. The officers and committee chairman for the past year will make complete reports of the work done during the year.

Mrs. A. P. Smith, the incoming president, will make his inaugural address. Everyone is urged to be present at this meeting.

As Mrs. Logan leaves the office the P. T. A. wishes to thank her for her splendid work during the past two years, and to assure Mrs. Smith of their whole-hearted goodwill and co-operation.

### ACKNOWLEDGE PRESS TICKETS.

The Sea Coast Echo acknowledges receipt of complimentary tickets to attend the performance, "In the Good Old Summer Time," to be presented this Friday evening by Seniors at Bay High School.

This long-established custom and courtesy of honoring the press is still observed and is a thoughtful and gracious gesture and one that is always appreciated. While it is never extended in a spirit of measure for measure it bespeaks thoughtfulness and recognition.

# THE SEA COAST ECHO

(A CONSTRUCTIVE FORCE IN THE COMMUNITY.)

Bay St. Louis, Miss., under Act of March 3, 1879.

## L. & N. PARK AND GARDEN PREMISES

ALTHOUGH many of the corporations and especially railroads have cut their overhead and other expenses down to the minimum and are known to have made drastic cuts as to leave nothing but bare necessities to be taken care of, it is refreshing to note that the L. & N. like all railroads suffering from decreased patronage and fighting competition that has oft times been questioned, has refrained from cutting the cost of keeping the park and garden premises around its depots along the Coast, especially at Bay St. Louis.

This section, sought for by visitors and tourists in general, are greeted by well-kept premises alighting from trains and since first impressions are the lasting ones, their first glimpse or view of Bay St. Louis is one that is pleasing and stimulating.

The Louisville & Nashville railroad company has well favored the coast section by beautifying and maintaining its depot park and garden spaces, and The Echo feels it is but meet that a word toward this direction will serve as an earnest of our appreciation and will help in a measure to further bring to mind the friendliness and value of such railroad corporation to this section.

## A WORD OF COMMENDATION.

ALTHOUGH not an over propitious day for such visiting, Pass Christian gardens were open for public visitors Sunday and the report is that hundreds of people visited the gardens that otherwise are closed to the public.

Lovers of flowers and nature in general who failed to visit the well-known gardens of our sister city missed in a great opportunity to see part of the beauty of this Gulf Coast at its best. It is well-known that any sub-tropical, and many tropical plants will grow as well on the Gulf Coast as in native soil. Many of the beautiful and not generally known plants are grown here. To those who failed to visit the coast gardens Sunday it might be said a treat, a revelation was missed. To those who did they were amply rewarded for their effort.

The Echo wishes to say a word of commendation of those true lovers of flowers who open their private gardens at least once a year to the public, many of the latter deprived of this pleasure that lives in pleasant recollection to the fortunate.

## VICTIMS OF THEIR OWN FOLLY.

MANY who saved their money for "rainy day" have had their plan to realize into fruition. The thriftless and shiftless are in the majority, those who form the bread lines, or, call it anything else one would. Too many are suffering today, victims not only of depression but of their own folly. It is a dear lesson. But even at that price will it stick? It has been well pointed out by those who make a scientific study of these things that should all the money in the universe be divided into equal parts among the world's inhabitants there would come a time when the same apparent inequality of division of today would again exist. Which resolves in this fact, many are victims not only of the times but of their own folly.

## CONSERVING A MAJOR COAST INDUSTRY

MISSISSIPPI Sea Food Commission announces the planting of thousands of barrels of oyster shells with a view of further propagating the oyster and the work it is planned will be carried out more extensively than ever. The Mississippi Sea Food Commission is an agency of benefit to the furtherance of the industry by not only protecting the raw material but helping to further increase the supply. Lack of legislation in this matter would long have resulted in complete depletion of the Mississippi oyster beds.

## A SPELLING TEST

HOW are you on spelling? Good?—well, before reading the rest of this article, get a friend to call the words listed below and check up on yourself. According to authorities, these twenty words are the most frequently misspelled by students:

Separate, lose, ninety, privilege, villain, chaunt, accommodate, all right, repetition, ecstasy, exhortation, hypocrisy, indispensable, irrelevant, oneself, sacrilege, supercede, councilor and embarrass.

How many did you miss?

Advertising in The Echo is just like letting the sunshine put your name in the spotlight.

Let's all keep our premises clean and attractive; this will make Bay St. Louis impress visitors within our gates.

Buy your goods from the merchants of Bay St. Louis. When you need help, you surely won't get it by mail.

One investigator says the big cities will lose their industries to smaller communities because they are letting their taxes run wild. Many an industrial corporation could save money on labor and other costs by locating a plant in Bay St. Louis.

## BEER, LIBERTY AND RELIEF FROM EXCESSIVE TAXATION.

ACCORDING to the daily press it is evident that Mississippians wish their beer. At least, quite a number do. We are of the personal opinion a majority do.

It is noticed the New Orleans Picayune daily publishes dispatches from various sections of the State where straw polls have been taken and where other means of ascertaining the popular wish has given the same affirmative result.

Governor Conner might think, and has said so, the issue of beer for Mississippi is not of sufficient interest to call a special session of the legislature for the purpose. Admitting he might be right, while he is waiting to hear from the nation's capital on banking legislation, that will satisfy for a time only.

In the meantime, however, Mississippians in great number are getting their beer and Mississippi is losing revenue. And the poor, heavily-burdened taxpayers are crushed under the cruel lash of the whip that means confiscatory taxes.

\*\*\*

IN the last analysis it is not beer so much that the people wish. It is liberty.

And, again, instead of prohibition (?) they wish revenue.

Beer is harmless. It is allowed because of the low and harmless alcoholic content. It is a health-giving, body-building beverage. And it may well be sold in the counties that wish it and a great revenue would accrue therefrom.

Sales tax is only added tax but in dosage of another form. Be not deceived by the seductive sales tax. It is a forced tax.

Tax on beer would be paid for as part of the price of a beverage and food people voluntarily buy and paid for by people who can afford it. It is not a compulsory tax.

It has always seemed a discrimination to tax only those who own property. Soaking the property owner who builds the community, smacks of forfeiture and in the last analysis breeds revolution.

Give us beer, revenue and relief from excessive taxation.

## SUPPORT HOME MERCHANTS.

IN THIS issue of The Echo are to be found the advertisements of some Bay St. Louis merchants. These merchants are, through the medium of our paper, asking for your support.

We all realize that thousands of dollars go out of Hancock County every year that should be and could be spent in our community. It behooves all thinking people to consider this matter and keep as much of our money at home as possible.

The idea that the slogan "Trade at Home" is the despairing cry of a dying community, is absurd, although there are some citizens who classify it in this wise. Town boosting is an art practiced by those live, wide-awake communities, made so by citizens who believe in their town and support their merchants.

The merchants of this county are not asking for, not entitled to "charity." If they cannot deliver the goods at equal prices, quality considered, they certainly do not expect your trade. If a local buyer will take into consideration the service that backs up a sale made by a local business house, the immediate delivery effected, the convenient terms often allowed and the courteous consideration extended, it will be plain that "buying at home" has its advantages.

When you buy here, thereby creating a demand, the local merchants will be able to increase their stocks, thus offering a variety that can compete with some of the stores in large metropolitan centers. They cannot do this, however, until they have some assurance of general local support.

The Sea Coast Echo calls attention to the fact that a community, like an individual, cannot spend its money and keep it too, but a community made up of many people who spend their money at home, can spend that money time and time again among its own people.

## MAN'S WORST ENEMY.

ONE of man's worst enemies is the insect. Insects are the most numerous and versatile group in the animal kingdom and can be found practically anywhere on earth where life exists.

They can live in water, on land, above the ground or under the ground. They can feed on all parts of a plant above the surface or attack the roots of a plant below the ground. They can find lodging in the heart of the largest of trees or between the surfaces of a leaf or within a tiny leaf stalk.

Every housekeeper in Bay St. Louis and vicinity knows the scourge of certain insects. Roaches can make life miserable for the woman of the house, while moths may destroy the most valuable clothing in the wardrobe, if proper precautions are not taken.

While ants attack dwellings or other structures and may continue their depredations unknown to anyone until the building is ready to collapse. Flies, with their disease-bearing proclivities, are not only a nuisance but are a menace to the health of human beings.

Those familiar with the circumstances at the time, well remember the onslaught made by the termite on the church of Our Lady of the Gulf some time back. It was an attack by insects that caused not only a heavy expenditure but for a time proved quite threatening to the safety of the building.

The farmer sustains an average annual loss of not less than ten per cent of the value of his crops if he takes no measures to control or check the ravages of these insect pests. Weevils, worms, grasshoppers and the like take their annual toll of the profits of the farm.

The fight goes on continuously. Precautions should be taken by every one to control those insects with which they come in contact and thus help in the general control of such pests.

Visitors to California from the New Orleans section over the Southern Pacific will not wish to tarry at El Paso and cross the Rio Grande over into Old Mexico as formerly. We now have beer of our own. More money to remain with the American citizen. The great brewery at Monterey will find a considerable dropping off in its Juarez business.

## SAUNTERINGS From Where The West Begins.

By JOHN T. MEYERS  
(For the Sea Coast Echo)

ON Sunday, a new chapter was written in San Antonio's history of progress. This eventful date marked the final discontinuance of electric powered street cars as a mode of transportation. Now serving this picturesque Spanish-American city in their stead has come faster and more efficient modern motor driven busses.

According to available information San Antonio is the first city of its size in the United States to adopt a 100 per cent motorized transportation system.

The change, started several months ago, was gradual. Very little inconvenience to general traffic accompanied this transportation adjustment. The now obsolete car tracks were not removed from the streets. Asphalt was spread over the bedding formerly utilized by the traction company.

A PARADE over the downtown business section on Saturday morning climaxed San Antonio's sympathetic farewell to an old custom mingled with enthusiastic welcome to this newer innovation. Heading this unique procession, an antiquated mule car, squeaking and groaning with age, rambled again along the tracks drawn by a pair of trotting mules. Somewhere about the harness was a bell that could be heard above the noise of the mule car.

The driver handling the "mule power" of this relic of the past was a pioneer San Antonian. He had driven a street car of this type here when San Antonio was little more than a fair sized cattle town. That was back yonder in 1886.

Next in line came the first type of electric street cars, and those that were in service until the change to the bus system. These cars were crowded with passengers eager to have the privilege of participating in the grand finale of the electric street car in San Antonio.

BANDS blaring, crowds cheering, and waving tender farewells to a public conveyance now being crowded out of the picture by modern trends, the parade continued out Broadway street to Witte memorial museum in beautiful Breckenridge Park. Here further ceremonies were held.

A special line of tracks and temporary trolley wire leading from the street to the north side of the museum was erected. Thus the two retiring street cars were rolled under their own power to a final honorary resting place.

THE mule car and an electric street car were officially presented to the museum by the San Antonio Public Service Company. They are to remain on permanent exhibition—a monument to the history of San Antonio's transportation methods preserved for posterity.

Just as a precaution against the pranks of practical jokers, the cars will be securely fastened to the lengths of tracks upon which they rest, it is said.

A CORRESPONDENT reports that the jig saw puzzle has not yet lost its 'all sex' appeal. While some of the fanatics have strayed from routine of piecing together reproductions of famous paintings, movie stars, and other studies, cut up into hundreds of odd shaped bits, this patience testing pastime still holds many devotees of all ages within its clutches.

A new jig saw stunt to flare up for the moment appears to be a lucky break for the photographers. The younger set are having comical close ups made of themselves. These are cut into jig saw bits, and mailed to friends belonging to the same jig saw fraternity.

Saunterings has yet to work the first jig saw puzzle. But, "the flesh is weak," perhaps our stubborn resistance may crumble.

THIS column is indebted to a certain reader for the initial sample of Legal 3.2 beer. We might go into the humorous details connected with the "case," but Texas lawmakers still have their boots and ten-gallon hats filled with "home brew." So maybe we had better not toot our horn too loudly.

Anyway, we say "muchas gracias" to this reader. It certainly beats a similar Mexican beverage all the way round. The labels on the bottle said: "Tax paid at the rate prescribed by International Revenue Law." Sounds pretty good, doesn't it? It begins to look like Texas may get the calf tied after a bit. The folks out in this Lone Star State have their eyes on the boys up in their Capitol. These fellows will have to rope this 3.2 calf or they will get some ropers that know how.

There are rumors afloat that Louisiana 3.2 beer is being trucked in, and is now on sale in the Alamo City.

We won't say yes, and we won't say no, but we will say MAYBE.

Gov. Conner Invited To Speak In Los Angeles to Governors

Governor Sennett Conner has been invited to address the annual assembly of the conference of governors in Los Angeles, July 24, on operation of Mississippi two percent sales tax.

## WIDE-WORLD IN DRIVE TO REMOVE DEPRESSION HOLD

### President Roosevelt and Canadian Representative Reach Understanding

Plans for marshalling a united front among nations for a drive against depression moved forward Saturday in various parts of the world as President Roosevelt concluded his first series of great international conversations and prepared to resume others.

Secretary Hull, speaking in Washington, declared history pointed to America "for leadership in the existing grave crisis," and called for an end to "bootstrap methods" on the part of individual nations in combating the depression.

Prime Minister Bennett of Canada, as he turned homeward after historic conversations with President Roosevelt, in which they reached an economic improvement understanding, called for greater effort than ever before to stabilize the currencies of the world and said that from the president's conversations there was arising "a new will for coordination in the world."

## WITH THE MOVIES AND FILM FOLKS

(For the Sea Coast Echo)

WITH the bankers out of the picture, the western studios are more dependent than ever upon sales response and the two branches of the industry are co-operating much closer than ever before.

Recent conference of the producers, trying to solve their problems through various economies, has resulted in some agreement but runs counter to trade unionism and rebellion on the part of actors, writers and directors.

One of the ideas was to handle the exchange of artists, sets, properties and stories in an effort to save money but this has met with considerable opposition and will probably amount to nothing.

Sally Eilers and James Dunn will be together in "Arizona to Broadway," which was intended for Will Rogers but declined. Originally, it was planned to split the Eilers-Dunn combination.

Mae West's next production for Paramount will be "Don't Call Me Madam," with a circus background. The title is taken from a recently abandoned comedy and the film is based on a story turned in by Miss West.

Boris Karloff is to return to Hollywood immediately upon completing "The Ghoul" now being made in London. While several British companies wanted to keep the Universal star, he is due to begin "The Invisible Man" at Universal City.

Frank Capra, Columbia director, will handle Damon Runyon's short story "Madame La Guimpe." Warren William, Guy Kibbee and Glenda Farrell will have the principal roles.

RKO-Radio will enact the aerial exploits of an American war ace in "The Balloon Buster," based on the story of Norman S. Hall. The tale purports to describe the career of Lieutenant Frank Luke, Jr., who brought down eighteen enemy balloons and five planes in seventeen days on the Western front.

Paramount plans to make a picture based on the Libby Holman case, with Claudette Colbert and Cary Grant having the leads.

Walter Huston will be opposite Kay Francis in "Strange Rhapsody." "Black Orange Blossoms" will present Jean Harlowe, Clark Gable and Dorothy Burgess in somewhat torrid exhibition.

MGM will also make "Lady of the Night" with Loretta Young, Ricardo Cortez, Franchot Tone and Una Merkel.

MGM announced that Greta Garbo has signed a long-term contract and will resume work next month on "Queen Christina" a story with a Swedish background.

## WAVELAND NEWS-NOTES

V. E. WEBER BOX 134  
Waveland, Miss.

### ELECTION OF MAYOR.

MR. W. A. MAPP was elected Mayor to fill unexpired term of the late lamented E. G. Schwartz.

### HOLY COMMUNION.

On Saturday, May 6, at 7 A. M., mass the Catholic Women of the Parish will receive communion.

### PROPERTY SOLD.

S. J. Peters' place in Beach Estates was bought by Mr. T. T. Robin. The Holzer property on Beach bought by Mr. D. B. Williams. Both sales made by Mr. G. W. Logan.

We regret to announce the death of our friend, Mr. W. J. Montgomery of New Orleans. He was a constant visitor over week ends to our town, and owned a beautiful home here. He intended, with Mrs. Montgomery to make this place his permanent home.

A children's party was given by Mrs. R. C. Bordages on beach, assisted by Mrs. Sidney Carrio and Miss Majorie Bordages. Various games were played, refreshments served, and the neighborhood children, went home, to dream of the wonderful time they had at Mrs. Bordages' party.

The stork was busy last week; he visited the home of Mr. and Mrs. Oswald Villere and left them their first baby girl, Loraine Villere. Then he flew over to the home of Mr. and Mrs. Dan Fayard, Jr., and left a baby boy, Percy Roy Fayard.—Congratulations.

The Waveland team defeated Biloxi, Sunday score 4 to 1. They will play Bay St. Louis team May 7, Sears avenue park.

Mr. and Mrs. J. Mocklin of Terrace entertained quite a large house party over the week end.

Miss Mayme Fayard of Montgomery, Ala., is visiting Mrs. Robert Henley.

The Waveland Music Club will hold its regular monthly meeting Sunday, May 7, at the home of Misses Margaret and Mary Claire Zimmermann.

Week-end visitors included, Capt. Rice and family; Mrs. Bourg and family; Dr. Halsey and family; Mr. C. Vasterling and family; Mr. and Mrs. L. Hughes Mr. and Mrs. Chas. Sauer; Mr. and Mrs. Albert Briede.

## WAVELAND GOLDEN CREAMS WIN OVER STANISLAUS.

On Sunday, April 29, the Waveland Golden Cream Stars won over the Stanislaus small boys with the score being 3-2.

The Stanislaus boys didn't make any runs until the last inning. The pitcher for Waveland was Paul Henley, the catcher, Milton Ladner. The Waveland boys played Stanislaus on two occasions and won both games. The first game's score was 2-1 and the second game, 3-2.

## HOW SHE LOST 18 POUNDS OF FAT

For Less Than \$1.00

"Will say in regards to Kruschen. I took it to reduce. I lost 18 pounds after using one bottle and feel fine. Just bought one more bottle to-day and expect to lose 18 more pounds. I now weigh 148 and feel fine." Mrs. Harry Robinson, Akron, Ohio, (Jan. 6, 1933.)

## LEGALIZING OF BEER IN MISSISSIPPI SEEN WITHIN NEXT 90 DAYS

### N. O. Times-Picayune Correspondent Says Action Is Forthcoming—Special Session of Legislature Predicted By Political Leaders.

By John B. Hudson.

There is every indication in state political circles now that a vote will be taken in the Legislature within the next 90 days on whether 3.2 per cent beer shall be legalized in Mississippi.

The privately expressed opinions of many of these political leaders is that whenever such a vote is taken it will result in legalizing the sale of the amber beverage.

Before the Legislature is convened by Governor Sennett Connor in extraordinary session, however, the federal banking legislation must have been completed in Washington.

The governor is known to be taking the position that any extra session will be required to deal with state banking legislation and such legislation cannot be tackled until the Washington banking program has been completed.

Governmental reorganization of administrative machinery will be another major undertaking whenever the extra session is called. The reorganization program is now being drafted by a special committee.

### No Objection, Says Conner.

"I believe that the people are more interested right now in banking legislation than they are in beer legislation, but if a majority of the people want beer have no objection, even though I have been pictured as a puritanical dry," declared Governor Conner today.

The governor is receiving almost daily petitions and resolutions asking for beer legislation. There are individual letters coming in from prohibitionists opposing such legislation. The governor promised today to permit an examination of his files to list petitions and resolutions favoring or opposing beer authorization. Such examination, he said, however, is to await its segregation by his office force. This is expected within the next day or so. Such an examination was proposed to give a clearer picture of the extent to which advocates and antagonists of beer have gone so far.

"Only one state not having its Legislature in session has witnessed a special session for beer," declared the governor, referring to Louisiana. He evinced considerable interest in the Louisiana procedure.

### Cites Louisiana's Action.

"Down there the legislators first pledged a majority of votes for beer," he asserted. "I have no assurance as yet that beer legislation in Mississippi would not bring about a long deadlock and then the governor would be criticized for the expense."

He has held the position right along that beer legislation and 18th Amendment repeal action are not of sufficient emergency to require an extraordinary session. Whenever the session is called on banks and reorganization, however, it is generally understood that beer and repeal will be placed before the lawmakers.

Governor Conner will start on his "report to the stockholders" tour during May, but he has not yet more definitely pointed to the date or where his tour will start.

## ALREADY PLANNING FOR "KNOW MISSISSIPPI BETTER" TRAIN, AUG.

### "Know Mississippi Better" Tour to Visit Chicago Centennial Exposition.

Tentative information concerning the ninth annual tour of the Know Mississippi Better train of 1933 has been released by the general chairman, Lieutenant Governor Dennis Murphree.

The train will be either the week of July 24-30 or August 5-12, the definite date to be declared later. The total cost this year has been placed at the amazingly low sum of \$60.

This will provide for a seven-day trip, three to be spent at the World Fair in Chicago and the remainder in traveling to and from this event by different routes. Some of the cities which will be visited en route to and from Chicago will include, Jackson, Tenn., Evansville, Ind., Paducah, Ky., Cairo, Ill., Terre Haute, Ind., Kansas City, Kan., Chicago, Ill., Waterloo, Iowa, St. Louis and Memphis.

In Chicago the train will be parked at a convenient place near the exposition grounds and Mississippi pilgrimages will live aboard their Pullmans. Headquarters will be maintained at an adjacent hotel.

Every convenience will be provided for those who make the trip, the finest Pullman car service, the best food and delightful entertainment features.

Full information as to route and further details may be secured from Dennis Murphree, box 773, Jackson.

## MARCHMONT SCHWARTZ MEMBER RECEPTION COM. MITTEE NOTRE-DAME.

Marchmont H. Schwartz, Bay St. Louis, All-American football star at the University of Notre Dame in 1930 and 1931, was a member of the reception committee for the annual football of the University of Notre Dame which was held at the Palais Royale ball room in South Bend, Friday evening, April 28.

Schwartz will receive his bachelor of law degree from Notre Dame June 4 at the 88th annual commencement exercises. He was an assistant football coach during the past year, and he has also been active in his classes and extra-curricular activities.

## Black-Draught Clears Up Sluggish Feeling

"I have used Theodor's Black-Draught for constipation for a long time," writes Mrs. Frank Chapman of Wynne, Ark. "If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

P. S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Theodor's Black-Draught.

## County News

By R. H. BRYSON, (County Agent)

### FAVORABLE OUTLOOK FOR PECAN CROP.

DESPITE the frequency of the rainfall during the past three weeks the outlook at this time for a pecan crop this fall is for the largest yield in a number of years.

The young nuts have set in large clusters and promise an unusually large yield if there is enough plant food in the soil to hold the crop. The trees have done their part, and done it well—the nuts are on the trees in abundance.

Last year many growers produced a good quantity as to yield, but the quality was bad the nuts were faulty; they failed to fill out. If in doubt as to fertility of the soil in the pecan orchard it would be advisable to apply 10 to 50 lbs. of commercial fertilizer per tree as soon as possible. This fertilizer should be applied on top of the ground within the drip of the tree (spread of the limbs) and thoroughly disked in. Unless this is done the results this fall may be disappointing.

Growers of pecans operating on a commercial scale have found it to their advantage to plant *Crotalaria* among their trees as a soil or fertilizing crop. *Crotalaria* is a summer legume used almost universally by pecan growers in Florida as a soil improvement crop. In tests in Harrison county, Mississippi, during season of 1931, plots planted to this legume the previous season returned a pecan crop valued at \$30.00 to \$45.00 per acre over test plots alone, side where no *Crotalaria* was grown. *Crotalaria* seed do not require in-

oculation and the plant makes good growth on most any well drained soil with little or no fertilizer. The seed of this legume are cheaper at this time than for a number of years.

### CROP PRODUCTION LOAN.

Mr. Geo. M. Poot, Field Inspector in this district for the Crop Production Loan Office with headquarters at Memphis, Tennessee, has given the following facts relating to the 1933 loan to this newspaper:

In making crop production loans in 1933 pursuant to the Act of Congress, the Secretary of Agriculture was instructed by Congress to prepare rules and regulations setting forth the terms and conditions on which such loans would be made.

The Secretary provided in such regulations that borrowers would be required to reduce their cash crop acreage 30 per cent less than such crop grown by them in 1932 (except that such reduction would not go beyond a certain minimum number of acres, which was 8 acres with respect to cotton).

The Secretary further provided that all borrowers would have to plant a sufficient kitchen garden to take care of their livestock during the coming winter.

The borrowers were all required to set forth their proposed crop schedule in their applications, and all Field Inspectors and county agents know of this schedule.

The loaning period closed midnight April 30, and immediately thereafter Field Inspectors and County Agents will make inquiry and inspection so as to see that all borrowers comply with their promises.

## The Sea Coast Echo

### City Echoes

—News reached here from Mr. Lew Monti and Felix Roth that they had reached Memphis, Tenn. They are having a good time.

—An addition to the staff of St. Stanislaus College is Rev. Brother Bennett who recently arrived from Metuchen, New Jersey.

—Rev. Tossie Bowe of Jackson, Diocesan Director of Propagation of Faith, was the house-guest of the Very Rev. A. J. Gmelch, Pastor, on Sunday.

—Mrs. E. P. Ivy is visiting Miss Elsie Detmar of Chicago at the bay beach home at Cedar Point, and will remain for a while before returning to New Orleans.

—Attorney W. J. Gex has been spending the greater part of the week in New Orleans practicing before the federal court in the interest of a number of clients.

—George R. Rea, national treasurer Kappa Sigma fraternity, returned home from Atlanta, where he spent the week-end in the interest of the forthcoming meeting to be held this summer at Chicago.

—Mrs. Lucien M. Gex, young daughter and infant son returned home Wednesday morning from New Orleans, after a stay of several weeks with relatives. This is the first visit home of the recently-born son.

—On Tuesday of next week the King's Daughters announce a benefit card party to be given at the Answer, Union street, beginning at 8 o'clock. Tallys 25 cents each. There will be a prize for each table. Public cordially invited.

—Ellis P. Sylvester, son of Mrs. W. O. Sylvester and former resident of Bay St. Louis, has been re-elected superintendent of the Pascagoula schools for the fourth consecutive term. He is one of the youngest men of Mississippi in the profession.

—Shorty Walker (Hattiesburg) popular Stanislaus College student, left for Detroit Saturday evening, with the cordial blessings and good will of the Faculty and student body. "Shorty" has a brother who is a star man on the Michigan baseball diamond and will join the reserve team.

—Dr. H. Ward, delegate from the Stone-Harrison-Hancock Medical Society, will attend the Mississippi State Medical Association, which will be in session at Jackson on May 9, 10 and 11—Tuesday, Wednesday and Thursday of next week, during which time Dr. Ward will be away.

—The Very Rev. Father, John M. Salter, S. J., Provincial of the Southern province of the Society of Jesus died at the Mercy Hospital Tuesday morning. A native of Georgia, a grand nephew of Hon. Stephens, Vice President of the Confederacy, he had many friends in this section. To Father Nellus Downing he sent his deathbed blessing. Two days previously Father Thos. Sherman, S. J., died. He was the son of the famed General Sherman of the Federal Army who decimated the State of Georgia.

## COMMENT ON SPORTS

### Dempsey Discussed Miss Jacobs in Europe Davis Cup Teams in Mexico.

There may be something to this but no one who recalls the stunning surprise when Dempsey battered the huge Willard into quick submission or his slugging melee with Firpo, the slugging Argentine, will credit "color" with his victories. In fact, prior to his first defeat by Tunney in Philadelphia, Dempsey was decidedly unpopular in his own country. Following the victory of Gene's clearcut punches to the face, which almost blinded Dempsey, there seemed to be a change in public sentiment and the deposed champion won a place in the hearts of boxing fans which was never his when he was champion. This was accentuated by the famous "long count" in Chicago which, many believe, robbed Jack Dempsey of a re-won championship.

Miss Helen Jacobs, American Women's National tennis champion, is now in Europe where she plans to compete in the French and English championships. The former will come late in May and the latter about a month later. Miss Jacobs will have ample time to prepare for her bid to these titles. Mrs. Moody will not play in France and may not defend her Wimbledon crown, so Miss Jacobs is considered an outstanding favorite in the championships.

Meanwhile, Miss Jacobs' book, "Modern Tennis," has just been published. Incidentally, one might fittingly pay tribute to the gameness of Miss Jacobs who has developed her game and worthily represented America in many competitions although her prowess has been somewhat dimmed by the unusual lustre attached to the game of her Californian sister, Mrs. Helen Wills Moody.

The last of this week will see the American-Mexican Davis cup teams playing in Mexico City, and, while the United States should win without great trouble, the high attitude and the fact that our team will not have much time to practice, will probably affect the play of the United States representatives.

Incidentally, Clifford S. Sutter, 22-year-old intercollegiate champion from New Orleans and third ranking player of the country, has been given new recognition by being named with Wilmer Allison, George Lott, Jr., and John Van Ryn to represent this country. Allison and Sutter are expected to play the singles while Lott and Van Ryn, unbeaten Davis Cup pair of 1931, will take up the doubles assignment.

Ellsworth Vines was not available for the Mexican tie and Sutter's national ranking, plus his excellent record last year, when he came within two strokes of beating Vines, caused the shelving of Frank Shields, member of the team for the past two years. However, Shields may see service in some of the ties ahead, although the Mexican quartet and Vines appear to have the inside track at present time.

### NOTICE TO BIDDERS.

Notice is hereby given that the Board of Mayor and Commissioners of the City of Bay St. Louis, will receive separate sealed bids for the furnishing of the following supplies to the City, from the 1st day of June, 1933, until the 31st, day of December, 1933.

ITEM NO. 1. Clay gravel delivered at Bay St. Louis, in its natural state, in car load lots or by the ton as needed.

ITEM NO. 2. Bricks, lime, cement, lumber, paints, and all other hardware and building material, as needed.

ITEM NO. 3. Gasoline, as per specifications on file with the clerk of the Board of Mayor and Commissioners of the City of Bay St. Louis, Mississippi. Said gasoline to be delivered at service stations as needed.

ITEM NO. 4. Motor oils, as per specifications on file with the Clerk of the Board of Mayor and Commissioners of the City of Bay St. Louis, Mississippi. Said motor oils to be delivered at service stations as needed.

ITEM NO. 5. Stationery, Tax Receipts, Books, License Receipts, Books, Pens, Pencils, inks and all other office supplies as they are needed.

The above bids must be filed with the Clerk of the Board of Mayor and Commissioners before TEN O'CLOCK A. M., on the 27th day of May, 1933. The successful bidder on each of the above items shall be required to furnish bond in the sum of \$500.00 (Five Hundred and 00/100 Dollars) payable to the City of Bay St. Louis for the faithful performance of their contract.

The Board of Mayor and Commissioners of the City of Bay St. Louis reserves the right to reject any and all bids.

H. GRADY PERKINS, PUBLIC UTILITY COMMISSIONER, CLERK OF THE COMMISSION COUNCIL, City of Bay St. Louis, Mississippi.

### NOTICE TO CREDITORS

Letters of Administration on the Estate of Mrs. Kate Oliver, deceased, were granted to the undersigned, the Chancery Court of Hancock County, Mississippi, on April 27th, 1933, and therefore notice is hereby given requiring all persons having claims against said estate to have same probated and registered by the Clerk of said Court within six months from this date, and failure to do so will bar the claims.

This 5th day of May, 1933. FLORENCE OLIVER, Administratrix of the Estate, of Mrs. Kate Oliver, Deceased.

## OF SOCIAL INTEREST

(By Our Society Editor)

### BEAUTIFUL WEDDING AT CHURCH OUR LADY OF GULF.

A WEDDING which attracted much interest along the Coast and New Orleans was that of Miss Genevieve Green youngest daughter of Mr. and Mrs. John A. Green and Mr. Paul Virgil Jaubert, son of Mr. and Mrs. Portune Jaubert, Jr., of New Orleans. The ceremony was solemnized at a Nuptial Mass at 11 A. M., Thursday, May 4th, in the Church of Our Lady of the Gulf. Rev. Father Gmelch, Pastor officiating assisted by Rev. Father Leo F. Fahey. The church was beautifully decorated with a profusion of palms, Easter lilies, and lighted tapers.

Mrs. H. C. Glover's glorious voice rendered two numbers, "Panis Angelicus," (Cesar Franck) during the communion period of the mass and as a final number "Ave Verum" (by Millard) strains of the organ heard during the entire ceremony.

The bride's gown was of white chiffon and real lace over a white satin foundation. The veil of illusion was caught at each side of the face with a cluster of orange blossoms. She carried an arm bouquet of Bride's roses and lilies of the valley. The maid of honor, Miss Margaret Green, sister of the bride, wore a quaint gown of pale yellow organdy with hat to match. The bridesmaid, Miss Winifred Jaubert, sister of the groom, wore pale green organdy with matching hat. Both attendants carried old fashioned bouquets of yellow Pernet roses.

Mr. Richard Jaubert of New Orleans was best man, the groomsmen were Mr. Waldo Otis of Bay St. Louis. The ushers were Mr. Portune Jaubert III, Mr. Will McEnery, Messrs. Justin and Marion Green. Following the ceremony there was a reception at the Green home for the bridal party and members of the families.

Mrs. Green wore an outfit of navy blue and white, chiffon. Mrs. Jaubert was attired in figured lavender chiffon, both ladies wore corsages of Johanna Hill roses. Mr. and Mrs. Paul Jaubert left on a motor trip through Florida and on their return will make their home in Lafayette, La.

### LUNCHEON BRIDGE AT THE WESTON FOR MISS GENEVIEVE GREEN.

Mesdames John W. Bryan, Leo E. Kenney and Hugh Burbank were joint hostesses Monday noon to a luncheon-bridge in compliment to Miss Genevieve Green as one of the various pre-nuptial affairs given the last two weeks prior to her wedding Thursday of this week to Mr. Paul V. Jaubert of New Orleans and Lafayette, La.

The long table "T" shape at the Weston Hotel, was decorated in pink and green. Roses of pink were in artistic abundance on every side and the effect of pink and green as spring time colors were both appropriate and effective.

The ladies, aunts of the bridegroom-to-be, well-known for their hospitality and charm, received their guests in the usual gracious manner and the fifty in number enjoyed a most delightful function and complimented the popular and accomplished bride-to-be.

Among those present, arranged in alphabetical order, a small number not participating in the bridge feature of the afternoon, were Mrs. Charles Buckley, Mrs. Roger Boh, Mrs. E. N. Blaize, Mrs. Bordelon, Mrs. E. N. Carrere, Mrs. Owen Crawford, Miss Louise Crawford, Mrs. R. de Montlun, Mrs. N. Nick, Mrs. (Dr.) James A. Evans, Miss Emma Edwards, Miss May Edwards, Mrs. E. G. Ferchard, Mrs. Edmund F. Fahey, Mrs. John A. Green, Mrs. Walter J. Gex, Jr., Miss Margaret Green, Mrs. Harry C. Glover, Miss Genevieve Green, Miss Vickie Gex, Mrs. E. J. LaCoste, Mrs. E. J. Leonard, Mrs. E. J. Locoste, Jr., Mrs. McCarley of Long Beach; Mrs. C. C. McDonald, Mrs. Charles G. Moreau, Mrs. Donald Marshall, Mrs. John D. Nix, Miss Otis, Mrs. Mauritz Pyk, Mrs. Sidney W. Prague, Mrs. Winfield Partridge, Miss Sarah A. Power, Mrs. Kenneth W. Pepperdene, Mrs. Milton Phillips, Mrs. George E. Pitcher, Mrs. George R. Rea, Mrs. J. C. Ryland, Miss Kathleen Renshaw, Mrs. Ralph Rugan, Mrs. W. A. Stahle, Mrs. Leo W. Seal, Mrs. (Dr.) C. M. Shipp, Mrs. (Dr.) Alvah P. Smith.

Gift of the hostesses to the bride was an exquisite linen center piece of Mosaic work and to one side was the figure of a bride deftly embroidered, figure of beauty to the eye and of intrinsic value.

### HOSIERY SHOWER AT MRS. EDW. C. CARRERE.

Miss Green, bride-elect, was complimented Friday afternoon at a luncheon-bridge when the group forming a weekly two-table bridge club of which she is a member, assembled at Mrs. Edw. C. Carrere for a luncheon given at her Waveland beach home. Favors for this occasion were:
